Nearer to Nature general information

Nearer to Nature provides opportunities for students to learn through hands-on activities and experiences in the natural environment. Our excursions build concepts, skills, values and environmental responsibility.

We offer:

- excursions and camp activities
- incursions at your school
- professional learning for educators.

Maximum group size: 30 students. Multiple classes can be accommodated.

Curriculum links: Programs are designed to cover content in the WA Curriculum.

However, if you do not have a particular curriculum focus, our programs are suitable as enrichment activities.
