

Three-year Indicative Harvest Plan (2018-2020) Warren Region

This map depicts the gross area within which native forest harvest planning is proposed.

Legend

- Areas scheduled for harvest in 2018
- Areas scheduled for harvest in 2019
- Areas scheduled for harvest in 2020
- Fire salvage area (Proposed boundaries within which a subset of karri regrowth areas may be progressively salvaged and regenerated)
- Regrowth thinning
- State forest and timber reserves
- Forest hardwood block boundary
- Regional boundary
- 03 Compartment number
- Town
- Key Roads
- Major Hydrography
- 500 hectares (area guide)

- Notes:
- Gross coupe boundaries only are depicted. Within these boundaries detailed planning would exclude from harvest a network of areas. The actual areas harvested to a range of silvicultural objectives would therefore be less than the areas shown on the map.
 - The extent of State forest and timber reserve depicted on this map is as proposed, or progressed in the *Forest Management Plan (2014-2023)*

LOCALITY MAP South West Australia

Coordinate System: GDA 1994 MGA Zone 50
Projection: Transverse Mercator
Datum: GDA 1994

Scale 1: 350,000

Date: November 2017
