

SEE OVER PAGE FOR ENLARGEMENTS 7 to 10

Following the public submission period, consideration will be given to moving the boundaries of some sanctuary zones 200 metres from the mainland high water mark to allow for commercial and recreational fishing from and close to the shore.

Fishing will be allowed in proposed special purpose zones (cultural management) and (whale conservation). Fishing will be allowed by hand collection only in the proposed special purpose zone (wildlife conservation) at Cape Arid. For further details, see section Permitted uses section on pages 100-103 of this plan.

Proposed Wudjari Marine Park - central

- Boat ramp
- Limit of coastal waters of the State of Western Australia
- Port area
- Lands managed by Department of Biodiversity, Conservation and Attractions

Proposed marine park boundary and zoning ^{1,2,3,4}

- Proposed marine park boundary
- Proposed sanctuary area
- Proposed special purpose area (cultural management)
- Proposed special purpose area (whale conservation)
- Proposed general use area

1 - Proposed marine park and zone boundaries are indicative only and extend generally to the high water mark. Zone coordinates subject to survey. Coordinate datum = WGS84.
 2 - Waterline positions shown on this map are indicative only and do not necessarily depict exact cadastral boundaries.
 3 - Marine park and zone names are yet to be finalised.
 4 - Management zoning is at a draft stage, is indicative only and subject to change through a formal public submission process.
