

ERRATUM

Appendix 1b Areas of land categories covered by the plan (as of June 2022)

State forest (hectares)	Timber reserve (hectares)	Existing and proposed nature reserves, national parks, conservation parks, CALM Act section 5(1)(g) and 5(1)(h) lands, and State forest classified as forest conservation area (hectares)
1,150,800	44,400	1,326,700 ²
	1,195,200 ⁵	

Notes:

1. Areas of State forest and timber reserve are exclusive of those areas proposed for addition to reserves
2. The area of reserves includes 9,200 hectares for which the land category is yet to be determined.
3. There are 50,200 hectares set aside as pine plantation and 3,400 hectares of forest dominated by exotic eucalypt species on State forest and timber reserves (covered by this plan and included in Table 1). The exotic eucalypts are mainly within rehabilitated mining areas.
4. There are a further 12,300 hectares of pine plantation and 6,600 hectares of native forest on freehold land held in the name of the Conservation and Land Management Executive Body (not covered by this plan) within the Department's Swan, South West and Warren regions. Approximately 4,500 hectares of this native forest are available for timber harvesting and contribute to the sustained yield from native forests.
5. The area of State forest and timber reserve includes 536,200 hectares which the government is investigating for improved protection.

Appendix 1c Areas of forested lands vested in the Commission

Areas and percentage forested of FMP lands and lands vested in the Commission (as at June 2022)

	Area (ha)	% forested
Total FMP planning area (all land tenures)	2,833,300	71
Lands vested in the Commission (existing)	2,434,700	76
